Sir,

I have the honor to forward for favour of early orders of Government being obtained, the accompanying copy of letter No.C.283, dated, 18-3-1910, from the President, District and Municipal Boards, Kolar District, anent the conversion of the present Town Police Station at Kolar into Lady Hospital Assistant's quarters. It seems an expensive way of providing quarters for the Lady Doctor -but as the house might otherwise go to ruin, and as it is conveniently situated, perhaps the Deputy Commissioner's proposal is a desirable one.

Conversion of the present Town

Lady Hospl Asstts quarters.

Letter No.C.283, dated, 18th March 1910 from the President District and Munpl. Boards, Kolar District, to the Senior Surgeon, Mysore Government.

I have the honor to forward herewith a plan showing the Female Dispensary at Kolar and its surroundings, and to state as follows:-

2. Provision having been made in the current year's budget for the construction of quarters for the Lady Hospital Assistant at Kolar, I made an inspection of the several localities with the District Medical Officer for selecting a suitable site, and found that the best plan was to convert the present Town Police Station which practically forms part and parcel of the Female Dispensary situated on the same block but separated only by a short wall, into the Lady Hospital Assistant s quarters, with suitable alterations. Both the District Medical Officer and the Executive Engineer approve of the idea and we consider it better in the interests of all concerned, to have the Police Station shifted a little southwards as it would be undesirable to have a busy public office like this adjacent and contiguous to the Dispensary resorted to by ghosha women &c., I have, accordingly, addressed the Inspector General of Police and am arranging to construct the Police Station in another eligible locality.

3. But the budget provision for the Lady Hospital Assistant's quarters is only Rs.2000 whereas the cost of the present police station is Rs.4,300 and the alterations &c., needed to make it fit for Lady Hospital Assistant's quarters would be another Rs. 1000 or in all Rs. 5300 to effect the exchange.

Under these circumstances, I request that you may be so good as to obtain the sanction of Government for the increased expenditure of Rs.3300 as we shall have to build a Police Station very early, at the cost of the District

and

and Municipal Boards and the Provincial Funds, to make the present building available for the Lady Hospital Assistant and the alterations have also to be effected immediately.

5. Favour of early action is solicited.
